PUBLIC SERVICE  
*Scholars*

# 2022

# GRADUATES

CAROLINA CENTER  
FOR PUBLIC SERVICE

*Congratulations*  
**CLASS OF 2022!**

Dear Class of 2022 Buckley Public Service Scholars,

Congratulations on this tremendous achievement. You have accomplished so much during your time at Carolina, and you have contributed so much to our campus and beyond.

As the nation's first public university, public service has always been an essential part of Carolina's identity. We serve the people of North Carolina, the nation and the world by preparing the next generation of leaders and solving the grand challenges of our time. You have already faced and overcome significant challenges during your time here, and you have been creative in your approach to carrying out acts of service throughout the pandemic.

I have no doubt that your resilience, your curiosity and your commitment to public service will guide you as you take the next step in your journey. I look forward to seeing what you accomplish in the years ahead.

Go Heels!

A handwritten signature in black ink that reads "Kevin M. Guskiewicz". The signature is fluid and cursive.

Kevin M. Guskiewicz

*Chancellor, The University of North Carolina at Chapel Hill*

Congratulations Buckley Public Service Scholars Class of 2022!

As you join the more than 3,000 BPSS graduates before you, you deserve special recognition for navigating the unprecedented circumstances presented by the pandemic. Despite that, you made incredible contributions during your time at Carolina, both on campus and beyond, and I have no doubt you will continue making a difference wherever you go.

The 197 members of your class have dedicated more than 96,000 hours in hundreds of sites, leaving your mark across this state and beyond as you challenged yourself to increase the breadth and depth of your involvement.

No doubt you recognize that your accomplishments are shared by everyone who helped shape you into the leader, scholar and graduate you are today—in particular, those who have hosted, mentored and taught you along the way—Carolina faculty and staff, dedicated community agencies, and most notably, those you had the opportunity to learn from and serve.

As you leave Carolina, you are leaving something of yourself behind through the work you have done and the example you have set. I hope you are also taking something with you through what you have learned about yourself and others and what can be accomplished through working together with commitment, perseverance and a passion for making a difference.

Hark the Sound,

A handwritten signature in black ink that reads "Lynn W. Blanchard". The signature is cursive and elegant.

Lynn White Blanchard

*Director, Carolina Center for Public Service*

# ABOUT THE PROGRAM

Since 2003, the Carolina Center for Public Service (CCPS) has offered the Buckley Public Service Scholars program (BPSS) to provide a framework for Carolina undergraduate students committed to making a positive impact through service.

## Program Overview

Connecting students with similar interests, the BPSS program challenges participants to expand their understanding of service. By providing special opportunities for leadership development and community engagement, BPSS enables students to connect academic and community-based experiences and build their capacity to help effect change.

While completing the program components, participants build portfolios that reflect their learning and service experiences throughout North Carolina, the nation and the world. This year, participating students reported service with more than 300 community and campus organizations.

In 2011, the Center announced the establishment of the Walter White Buckley Jr. Endowment. This endowment honors Walter Buckley, who applies his business entrepreneurial experiences into efforts that make a difference in the lives of others. Buckley exemplifies the qualities that BPSS seeks to instill in Carolina students. The Center is grateful that the Walter White Buckley Jr. Endowment ensures Buckley Public Service Scholars will graduate for generations to come.

## Program Components

The BPSS program model incorporates a student's demonstrated commitment to public service with structured skills trainings and thoughtful reflection on that service. The program introduces students to social entrepreneurship, community-based research, advocacy and philanthropy as important forms of public service.

To successfully complete the program, students build a portfolio that includes the following:

- A BPSS orientation session
- 300 hours of public service
- One service-learning course
- Four approved skills trainings
- A senior reflection activity
- A minimum cumulative GPA of 3.0

BPSS is open to all full-time undergraduate students with at least four semesters remaining at Carolina. Transfer students must have at least three semesters remaining to enroll.

# SPECIAL OPPORTUNITIES FOR BPSS PARTICIPANTS

## Arts in Public Service Fellows

In 2014, the Carolina Center for Public Service and Carolina Performing Arts partnered to create the Arts in Public Service Fellowship. This program encourages students to make a direct impact in their communities through the arts. In fulfilling BPSS program requirements, Arts in Public Service Fellows build portfolios with a focus on the arts as instruments of social change. This year, **Melanie Marie Irizarry** and **Bryton Shoffner** graduated as Arts in Public Service Fellows.

## North Carolina Outward Bound School Scholarship

Each year, CCPS typically awards North Carolina Outward Bound School (NCOBS) scholarships to students affiliated with BPSS and the School of Education. In 2021-2022, the Center offered 10 scholarships for 28-day courses, as well as another 20 scholarships for four-day fall break courses to Community Service Scholars and student leaders.

## Philanthropy as a Tool for Social Change

Philanthropy as a Tool for Social Change is a three-credit-hour service-learning course offered through CCPS and the Learning by Giving Program. Through this course, students learn about and participate in the process of awarding grants to area non-profits. The group of students functions as a foundation board that is responsible for researching North Carolina needs, designing grant award criteria, drafting and distributing a request for proposals, reviewing submissions and awarding grants to select community organizations. Since 2010, students in the class have awarded 37 grants, totaling more than \$123,000.

## SMART Mentoring

SMART engages Carolina undergraduates and local middle school students in mentoring relationships. The program prioritizes students from low-income communities and focuses on race, class and gender topics. Staff from partner organization Volunteers for Youth match SMART mentors with mentees during fall semester and the mentoring commitment continues through late April.

# SCHOLARSHIPS AND FELLOWSHIPS

## Community Service Scholarships

In 2015, Scott MacDonald '72 M.R.P. endowed the Scott D. MacDonald Community Service Scholarships, establishing the model for the Community Service Scholars Program. Community Service Scholarships are offered to a select group of service-oriented Carolina students. Scholarship recipients:

- Receive an annual scholarship
- Participate in the BPSS program to receive training, mentorship, leadership opportunities and structure to build knowledge and skills related to their service interests
- Engage in and document an average of at least 250 hours annually during their time at Carolina
- Complete an annual reflection and self-assessment regarding their progress
- Design and implement a capstone project prior to graduation

**Alyssa Cooper, Madeleine Mizelle and Rianna Saslow** are graduating as the 2022 class of MacDonald Community Service Scholars.

In 2018, Bret Leas and Audrey Fisher '14 endowed the Fisher Family Community Service Scholarship. In 2019, Marjorie and Walter Buckley endowed the Lynn White Blanchard Community Service Scholarship.

On March 29, 2022, through GiveUNC, the University's day of giving, at least three new expendable Community Service Scholarships were created thanks to a challenge match and contributions from many individual donors. With the establishment of additional scholarships, 29 students have been awarded Community Service Scholarships to date, with more to come!

## MacDonald Community Service Fellowships

Scott MacDonald also endowed the Scott D. MacDonald Community Service Fellowship Program, which provides programmatic funding for juniors and seniors to work with community partners, faculty and staff to identify and implement an experience-based public service project. This opportunity is available to Community Service Scholars and other students who can demonstrate a meaningful and sustained relationship with a community partner. To date, the Carolina Center for Public Service has awarded 29 MacDonald Fellowships.

Ten graduates received MacDonald Fellowships this year.

**Alyssa Cooper** received a fellowship for the project "Power—Empowering Newly Parenting Japanese Families in The Triangle," which she completed in partnership with Southern Bridge International's Prego Club.

**Ruth Fetaw** received a fellowship for the project, "Wheels For Kids: Gearing Up The Community For Success," which she completed in partnership with the ReCYCLery NC.

**Julianna Fischer** received a fellowship for the project, "Photovoice for Pediatric Hematology-Oncology Patients," which she completed in partnership with Carolina Pediatric Attention Love and Support (CPALS).

**Naré Ghaltakhchyan** received a fellowship for the project, "Compass Center Health Initiatives," which she completed in partnership with Aiden Puccio and the Compass Center for Women and Families.

**Benjamin Land Gorman** received a fellowship for the project, "Cherokee One Fire," which he completed in partnership with Tim Orr of the Cherokee-English Dictionary.

**Ali Khan** received a fellowship for the project, "Basic Data Navigation," which he completed in partnership with the Patient and Family Resource Center at the UNC Lineberger Comprehensive Cancer Center.

**Madeleine Mizelle** received a fellowship for the project, "Art Packets for Children," which she completed in partnership with Kelly Clark of UNC Health.

**Valerie Nguyen** received a fellowship for the project, "Children's Oncology Online Programming," which she completed in partnership with Carolina Pediatric Attention Love and Support (CPALS).

**Alecia Joanne Rajesh** received a fellowship for the project, "Food for Thought," which she completed in partnership with Serve336 of Calvary Church Greensboro.

**Rianna Saslow** received a fellowship for the project, "Student Leadership Summit," which she completed in partnership with the Chapel Hill-Carrboro City Schools Office of Equity and Engagement.

# 2022 GRADUATES

The **197** students graduating in the 2022 BPSS class reported **96,000** hours of service as of April 2022. Of these hours, **88** percent primarily benefited North Carolina, **6** percent benefited other states and **6** percent benefited other countries.

BPSS participants represent **40** of more than **70** majors on campus. Participants focus on a large variety of service areas, from health to the environment.

*Being a part of the Buckley Public Service Scholars program since my first year has helped me gain a deeper connection to UNC and the greater Chapel Hill community. I have had so many new experiences and gained new knowledge from the opportunities I have had by serving as a Buckley Public Service Scholar. I feel that I have left my "Heelprint" as a result of my service in a variety of different projects and programs, and I hope my impact will last long after I have gone.*

# BUCKLEY PUBLIC SERVICE SCHOLARS

*The Buckley Public Service Scholars program has offered me a secure place to learn about service and understand what it truly means to me, as well as how I can supportively engage with and aid communities that I am part of. I have been able to explore and learn about the intersections of service and social justice and the necessity of both working together to deconstruct systems of oppression and create a better world.*

- YMCA

*I cannot fully express the gratitude I feel for the opportunities and experiences I have received through the Center. I am very grateful for the donors, staff, faculty, community partners and fellow students that have helped shape my experience. The impact will stay with me for my lifetime, and I hope in the future I will have the honor to uplift students in the way my supporters have done for me.*
