Greetings,

On the behalf of the APPLES Service-Learning program and the Carolina Center for Public Service, we extend our deepest gratitude to you for your shared interest in public service and continued commitment to community engagement.

This listing details available APPLES summer 2019 internship positions. The organizations included cover a spectrum of professional development opportunities offered to Carolina students and include communications, program development and teaching. Likewise, the organizations include nonprofits, schools and local government. As such, each position offers students unique, developmental experiences in education areas of interest like environmental education, psychology, public policy, journalism, advertising, business, entrepreneurialism and many more. We are excited to partner with the UNC Institute of Politics this year to offer even more positions with legislators, government agencies and advocacy groups in NC and Washington, D.C.

These opportunities are designed and selected for students to gain professional experiences while continuing their education over the summer. Interns agree to complete 320 hours of work, receive a $2,500 stipend and enrolled in a one-credit hour online service-learning course in the summer provided through the Carolina Courses Online summer program through the William and Ida Friday Center for Continuing Education. This course counts for the EE-Service-Learning general education requirement. Students who are selected to intern in DC will not be required to take the online course, but may opt in if desired.

As former interns, we can personally attest to the power of this program. Through a sustained partnership, APPLES and its community organizations have developed a mutually beneficial internship program. While students receive stipends and course credit, their contributions assist community partners with specialized projects. Together, this creates an invaluable experience that is hard to replicate.

We encourage you to use this packet as a resource — a survey of all of your options. This guide lists many opportunities. Information includes position descriptions, preferred qualifications and organization overviews. If you have additional questions, be sure to reference the organization’s website or contact apples@unc.edu. Applications are due Jan. 21, 2019.

Thank you for your interest in an APPLES service-learning internship and your commitment to public service and the community. We wish you the best of luck in your search and throughout this process.

Sincerely,

APPLES internship committee

Campus Y – Program Assistant
Chapel Hill, North Carolina

Number of intern positions: 1

Transportation needed: Walk or bike

Start and end dates: 5/20/19 – 7/26/19

Website: campusy.unc.edu/

Organization description: The Campus Y’s mission is to engage students, the UNC campus and communities in the pursuit of social justice. In all that we do, Campus Y students strive to engage in reflective and ethical service, rooted in compassion and solidarity, grounded in deep respect. We believe that our commitment to serving communities and designing creative solutions to social problems can, and should, be combined with activism that engages each of our 30 committees. Our model and history empower us to create space to mobilize diverse alliances of students, alumni, faculty and friends in and outside the university.

Internship details: The program assistant will be primarily responsible for assisting with three of the Campus Y’s core programs including staffing the Y/Bonner table at orientation information sessions; assisting with the Gap Year Fellows on-campus summer immersion (helping to develop their plans for an international Gap Year of service); and working with the CUBE Social Innovation Incubator programming/evaluation. They will also assist Y Co-Presidents will summer initiatives through Campus Y Committees.

Relevant coursework and skills: All majors welcome. Preference for interns with the capacity to handle logistical challenges and juggle multiple priorities at one time. This position will be a good fit for someone who enjoys planning and managing events as well as designing and communicating on behalf of a program.
Carolina Friends School Summer Programs - Summer Programs Assistant
Durham, North Carolina

Number of intern positions: 1

Transportation needed: Car

Start and end dates: 6/10/19 – 8/16/19

Website: [www.cfsnc.org/](http://www.cfsnc.org/)

Organization description: Carolina Friends School (CFS) is a vibrant and inclusive learning community empowering students to think critically, creatively and independently. We foster active exploration and quiet reflection, individual endeavors and collaborative engagement. Inspired by Quaker values — pursuit of truth, respect for all, peaceful resolution of conflict, simplicity, the call to service — we teach our children that it is possible to change the world.

Internship details: The Intern will serve as part of the leadership team overseeing our operations. Areas of opportunity, depending on individual strengths & interests, might include teacher/student support in & out of the classroom, parent engagement, extended day supervision, database work, photography/videography, marketing/communications, & lots of problem-solving. The Intern should be able to relate to children of different ages or at least be open to work with varied ages. A sense of humor, playfulness, & energy are expectations, & we welcome contributions to an entrepreneurial, innovation-minded vision. CFS has 126 acres of woodlands, pasture, & stream, so it’s ideal if an intern likes the outdoors! We can be flexible in scheduling 8-10 weeks of work between June 10 & August 16, depending on a student’s availability each week & across weeks.

Relevant coursework and skills: Education, sociology, psychology, recreation and leisure studies, marketing/communications and business administration majors are welcome. The intern will acquire skills and experience related to their individual major. We welcome an individual who enjoys working with children of different ages. An education major could learn classroom management skills, teaching methods and curriculum, and broaden their knowledge of education. An intern in another major could contribute to the daily operations, serving more than 800 students and 70 paid and volunteer staff from instructors and counselors-in-training.
Carolina Meadows – Music and Memory/Community Outreach Intern
Chapel Hill, North Carolina

Number of intern positions: 1
Transportation needed: Car
Start and end dates: 5/20/19 – 8/2/19
Website: carolinameadows.org/

Organization description: Carolina Meadows' mission is to provide housing, health and wellness services and social opportunities for older adults in a financially secure community that respects individual dignity, encourages independence and promotes life-long learning.

Internship details: The intern will grow the Music and Memory program. The intern will interview residents and families to learn about resident music preferences, develop an individualized playlist for each resident, program iPods, MP3s, and other music devices, check chargers stored in residents’ rooms, work with each resident to be sure the songs are agreeable and actively support residents in using their devices. As many of the residents are living with dementia, the intern will be trained on communication with individuals with dementia. The intern will also support the implementation and growth of the Music and Memory program at other elder care facilities and the Council on Aging in Chatham County, and develop a plan to help grow the Music and Memory program in the area. Based on intern’s interests and skills, intern may plan an equipment drive; work to get press for the program; develop a presentation for local service organizations/faith communities, etc.; research via web and local organizations and create resource lists for seniors in Orange and Chatham counties (transportation options, nutritional support, affordable housing); other outreach activities.

Relevant coursework and skills: Music, gerontology, psychology, social work, recreational therapy and public relations. The students’ interest in working with older adults and in music is more important than their major.

*Due to in-person interview requirements, students who are abroad for spring 2019 will not be considered for this position as part of the interview with Carolina Meadows includes interacting with clients.
Central Carolina Community College – Bridge Program Coordinator  
Sanford, North Carolina

Number of intern positions: 1

Transportation needed: Car

Start and end dates: 6/3/19 – 8/9/19

Website: cccc.edu/ccp/summer-bridge/

Organization description: Central Carolina Community College (CCCC) designed a summer bridge program that will ease the transition for Central Carolina Works (CCW) students into higher education. The CCW Summer Bridge Program provides a seamless transition to college by exposing students to college resources early and by educating students on the "soft skills" crucial for success in higher education. Participants enroll in a one-credit hour course while being immersed in a fun and intensive learning environment that will give them an advantage heading into their full college experience.

Internship details: The Upward Bound programs at CCCC serve 180 low-income, first generation students from Harnett and Lee County high schools as they prepare for college. The Bridge Program Coordinator is responsible for managing a summer Bridge program for approximately 25 graduating seniors. This individual works directly with program staff to effectively manage all elements of the summer Bridge program, including overseeing student enrollment and success in credit-bearing college courses at CCCC and facilitating a College Success seminar to prepare students for their first year in college. The Bridge Program coordinator may provide supplemental instruction, coordinates tutoring as needed, documents all services and maintains accurate records, and meets regularly with permanent staff to review student progress and discuss any problems. The Bridge Coordinator also serves as role models and mentors to students; assists with special events; travels with students on college visits and a cultural enrichment trip; and enforce the rules and regulations of the program.

Relevant coursework and skills: Open to all majors, but education or STEM majors are preferred. Education majors are preferred due to academic and student-centered focus of Bridge program; STEM majors are preferred due to the opportunity for students to be mentored by STEM majors. Through this position, students will demonstrate and strengthen skills in communication, program administration and leadership.

**Website:** [https://www.jamesgmartin.center/](https://www.jamesgmartin.center/)

**Organization description:** The James G. Martin Center for Academic Renewal is a nonprofit institute dedicated to improving higher education in North Carolina and the nation. Located in Raleigh, North Carolina, it has been an independent 501(c)(3) organization since 2003. It was known as the John W. Pope Center for Higher Education Policy until January 2017.

Our goals are to improve colleges and universities, especially in North Carolina. We want to:
- Increase the diversity of ideas taught, debated, and discussed on campus;
- Encourage respect for the institutions that underlie economic prosperity and freedom of action and conscience;
- Increase the quality of teaching and students’ commitment to learning so that they graduate with strong literacy and fundamental knowledge;
- Encourage cost-effective administration and governance.

**Internship details:** Student interns are at the core of the Martin Center’s work of improving higher education. Every semester, students join our staff and scholars at the Martin Center to work and learn about higher education and free-market principles. Our interns write op-eds, research policy for our scholars, and contribute to our digital marketing efforts.

Martin Center internships are for undergraduates, recent graduates, graduate students, and law students who are committed to individual liberty, freedom of conscience, and the pursuit of truth. During this twelve-week internship, students will work on higher education policy topics and learn about economics, public policy, and American principles from local scholars and through dedicated readings and book discussions.

NC Justice Center – IOP Digital Strategies Intern
Raleigh, North Carolina

Number of intern positions: 1

Transportation needed: Car

Start and end dates: 5/13/19 – 8/16/19

Website: [https://www.ncjustice.org/](https://www.ncjustice.org/)

Organization description: The North Carolina Justice Center is the state’s leading research and advocacy organization dedicated to transforming North Carolina’s prosperity into opportunity for all. Our mission is to eliminate poverty in North Carolina by ensuring that every household in the state has access to the resources, services and fair treatment it needs in order to enjoy economic security.

Internship details: The North Carolina Justice Center seeks a Digital Strategies Intern to support online and social media engagement associated with several ongoing issue advocacy campaigns during the summer of 2019. The intern will be placed in the Center’s Workers’ Rights project.

The Justice Center invites applications for a substantive, policy-oriented internship that supports Workers’ Rights Project issue campaigns to raise the minimum wage, provide sick and family leave to workers, and improve the state’s unemployment insurance programs. Although the intern’s specific work would depend to some degree on his or her interests and skills, the Justice Center is particularly seeking someone to design, develop, and coordinate innovative online engagement efforts as part of an active digital strategies portfolio. Specifically, the Digital Strategies Intern would develop a digital strategies plan capable of amplifying the Justice Center’s campaign work across multiple social media channels and other online platforms, including Twitter, Facebook, Instagram, our in-house blog, and others as needed. As part of this work, the intern would also play a key role in developing content for these platforms, with a special focus on generating share-able, grab-able infographics and memes that communicate our policy messaging in clear and creative ways.

To accomplish our mission, we use an array of different strategies, including research, communications, community engagement, litigation, and legislative advocacy. Internships at the Justice Center are substantive and expose interns to the nature of issue-oriented policy advocacy across the range of strategies we use. In this case, the Digital Strategies Intern will learn the ways online engagement can be used to promote issue advocacy campaigns, while experiencing first-hand the broader world of nonprofit advocacy, state politics, and legislative decision-making.

This internship is offered through a collaboration with the UNC Institute of Politics.
North Carolina Botanical Garden – Horticulture Intern
Chapel Hill, North Carolina

Number of intern positions: 1

Transportation needed: Bike or walk

Start and end dates: 5/20/19 – 7/12/19

Website: ncbg.unc.edu/

Organization description: The North Carolina Botanical Garden is part of The University of North Carolina at Chapel Hill. We further the University's mission of teaching, research and public service through our mission: "To inspire understanding, appreciation and conservation of plants and to advance a sustainable relationship between people and nature."

Internship details: This internship will support the Horticulture department at NCBG by assisting with the maintenance and development of plant collections and landscapes as well as with southeastern native plant propagation, care for plants in our nursery, and duties relating to our plant sale area. This is physical, outdoor work in a sometimes hot and buggy environment. Common tasks include weeding, watering, mulching, maintaining paths and hardscape elements, potting plants, mixing growing medium and washing pots. The intern may also participate in larger renovation projects that include plant removal and installation as well as occasional special projects such as invasive exotic removal or work projects in our natural areas. The primary goal of this position is to support the mission of the Garden by assisting in the maintenance of landscapes and in the native plant nursery. A secondary but important goal is to learn about sustainable gardening methods and about the southeastern flora.

Relevant coursework and skills: Science education, natural sciences, ecology, biology or outdoor recreation majors preferred, but not required.

Ronald McDonald House of Chapel Hill – Communications Intern
Chapel Hill, North Carolina

Number of intern positions: 1

Transportation needed: Bike or Walk

Start and end dates: 5/13/19 – 8/9/19

Website: https://rmh-chapelhill.org/

Organization description: The Ronald McDonald House of Chapel Hill cares for families in life-altering moments, days and months that children spend in area hospitals. The House offers physical comfort and emotional support through programs dedicated to the well-being of the whole family. A child in medical crisis or suffering serious injury is something a family can never fully fathom, let alone prepare for.

The House embraces parents and children coming to us in dark hours filled with fears. Yet no matter the medical diagnosis or unknown ailments that bring families through our doors, we provide Hope around every corner. Hope in knowing their family is not alone anymore, comforted by the support of a loving community. Hope that comes from walking in the same shoes.

Internship details: The Communications Intern will work closely with the Ronald McDonald House of Chapel Hill development to help define, implement and manage a basic social media strategy. The strategy will include managing existing social media accounts, as well as editorial calendar curation. This will also include the need to identify trends and opportunities to promote the House’s mission within different social media initiatives. The intern will develop integrated and sound social media strategies, measure results, identify trends and create best practices for the organization. In addition to social media content curation, intern may be called upon to develop blog content, assist with email marketing, and produce graphics for social media or events.

Relevant coursework and skills: Media and Journalism, Public Relations or Advertising

**Student U – Summer Academy Teacher**  
**Durham, North Carolina**

**Number of intern positions:** 1  
**Transportation needed:** Car  
**Start and end dates:** 6/10/19 – 7/31/19  
**Website:** [http://studentudurham.org/](http://studentudurham.org/)

**Organization description:** Student U is a college-access organization that believes all students in Durham have the ability to succeed. In order to make this dream a reality, Student U creates a pipeline of services to support students through middle school, high school and college. By providing direct services during out of school time in the summer and after-school, and advocating for students and families within schools, we ensure that our students develop the academic skills and personal well-being needed to beat the statistics and succeed in college.

**Internship details:** APPLES Interns serve as a teacher in the Student U community. Teachers teach one core class (math, science, English or global connect), co-lead a small reading group and design & implement an elective course based on their interests. Teachers are supported by mentor teachers and other Student U staff. Teachers also serve as an advisor to a small group of students which includes regular phone communication with their family, writing an end-of-summer evaluation and conducting a parent-student-teacher conference. We also expect APPLES Interns to participate in the teacher community by attending weekly faculty meetings and contributing to our community.

**Relevant coursework and skills:** All majors/academic programs are welcome to apply to Student U.
TEACCH – Summer Training Assistant
Chapel Hill, North Carolina

Number of intern positions: 1
Transportation needed: Car
Start and end dates: 6/10/19 – 8/2/19
Website: teacch.com/

Organization description: The University of North Carolina TEACCH Autism Program's mission is to create and cultivate the development of exemplary community-based services, training programs and research to enhance the quality of life for individuals with autism spectrum disorder across their lifespan.

Internship details: TEACCH provides four one-week long, hands-on training programs for professionals working with students with autism spectrum disorder (ASD) in educational settings. The intern will help set up a demonstration classroom and work directly with children with ASD in this demonstration classroom for elementary through high school children ages 6 - 21. The intern will make educational, communication, domestic, social and leisure activities as well as individualized visual structures to increase the skills and independence of the students with ASD. The intern will also spend time with the TEACCH Supported Employment Program and the Carolina Living and Learning Center observing and interacting with adults with ASD at their employment sites and residential programs.

Relevant coursework and skills: There is no required or preferred major. TEACCH follows a generalist model so the autism specialist can come from a variety of backgrounds including but not limited to psychology, education, speech and hearing, rehabilitation counseling and social work. The only requirement is that the intern must demonstrate an interest in learning more about autism spectrum disorder and the TEACCH Autism Program services for individuals with ASD across the lifespan.

Triangle Day School – Summer Program Intern
Durham, North Carolina

Number of intern positions: 1

Transportation needed: Car

Start and end dates: 5/16/18 – 8/1/18

Website: https://triangledayschool.org/

Organization description: A co-ed, independent school serving grades TK-8. As a warm and welcoming community devoted to academic excellence, Triangle Day School ignites intellectual curiosity, fosters compassion and integrity, and nurtures creativity, inspiring confidence in each student to lead a life of purpose.

Internship details: The intern can assist teachers in weeklong courses where they share their experience or expertise (in the visual/performing arts, sports, technology, culinary arts, leadership, etc.) and gain exposure to varied pedagogies, age groups and subject matter. Once comfortable, the intern may take the lead in facilitating courses. In addition or instead, an intern could work with the leadership team overseeing our operations. Areas of opportunity, depending on individual strengths and interests, might include teacher/student support in and out of the classroom, parent engagement, database work, photography/videography, marketing/communications and general problem solving. The intern should be able to relate to children of different ages or at least be open to work with varied ages. A sense of humor, playfulness and energy are expectations, and we welcome contributions to an entrepreneurial, innovative vision. We generally can be flexible in scheduling eight to nine weeks of work (June 10 - Aug. 9) depending on the student’s availability.

Relevant coursework and skills: Education, sociology, psychology, recreation and leisure studies, marketing/communications, business administration, and Art majors are welcome. The intern will acquire skills and experience related to their individual major. We welcome an individual who enjoys working with children of different ages. An education major could learn classroom management skills, teaching methods and curriculum, and broaden their knowledge of education. An intern in another major could contribute to the daily operations, serving more than 300 students and 20 paid and volunteer staff from instructors and counselors-in-training.
Urban3 + Strong Towns – IOP Communications Intern
Asheville, North Carolina

Number of intern positions: 1

Transportation needed: Car

Start and end dates: 5/23/19 – 8/3/19

Website: http://www.urban-three.com/; https://www.strongtowns.org/

Organization description: Strong Towns is a nonprofit whose mission is to support a model of development that allows America's cities, towns and neighborhoods to grow financially strong and resilient. Strong Towns' influential media feed reaches hundreds of thousands of people annually and is shaping the national conversation on growth, development and the future of cities.

Urban3 is a private consulting firm specializing in land value economics, property and retail tax analysis and community design. Urban3 seeks to empower their clients with the ability to promote development patterns that secure a community's fiscal condition while reinforcing a stronger sense of place.

Internship details: Urban3 and Strong Towns partner in many capacities including on data analysis, events and, previously, consulting. Together, Strong Towns and Urban3 are seeking a summer intern who will serve as a translator and liaison between these organizations, uniting their goals to produce content that speaks to a broad audience about issues of land use, transportation and economics.

The ideal candidate is a skilled writer with research experience and a visual mind who can also think quantitatively. This job is based in Urban3’s Asheville, NC office, but will work closely with Strong Towns staff on a variety of communications platforms.

Duties:

- Write 1-3 articles for the Strong Towns website per week, covering issues related to Strong Towns’ and Urban3’s work.
- Develop 1-2 long-term, in-depth series for the Strong Towns website over the course of the internship.
- Create multimedia work (such as podcasts, videos, data visualizations, etc.) for Strong Towns and Urban3.
- Participate in regular Strong Towns and Urban3 staff meetings.
- Facilitate collaboration between Urban3 and Strong Towns on projects and shared goals.
